Standing Items			

3	Minutes Approvals	Motion to approve the minutes from the board meeting of the 6th of April For: 6 Against: 0 Abstain: 1 (Lizzie) Status: Passed	
4	Approvals	No <3	
5	Finance Update	Business Transaction Account: \$17,792.06 Business Online Saver: \$151,868.76 Term Deposit: \$60,000.00 ISSUU lied (by omission) to me and it was actually in USD, therefore it cost \$725.40, this is actually around the amount I originally budgeted for when I realised we had to update our plan so it will be okay, will be sending through a re-approval for that soon. Joy got back to me re SSAF invoices, apparently both of our currently pending invoices (one overdue, one about to be overdue) are at the last step which is waiting for James' approval and then it should be in the next pay run (idk when ANU does invoice pay runs, probably once a week or once a fortnight). Re-classify hire car as equipment hire? Would require moving money into equipment hire at a future general meeting or in the mid-year SSAF plans for 3 year agreements but I think it makes more sense.	

6	Management Update	Social media: everything going good Photography: see above Events: Draft event approval for WHAM/lunch break - team to check over the next day or two Website: item vvv	
7	Portfolio Updates	 Content: Peppy article up Prompts are up for next magazine. Theme: Environment(s), intended to emphasize the plurality of intersecting environments we all exist in: natural, political, physical, social, and how they impact how we move through the world. Working on events approval doc for Mag Launch. Conflicting schedules, want to bump date to 27th. Dating horror story google form draft, might post on Woroni contributors and schmidtposting if all approve? Swipe Right On Love: submit your Q's for dating and love advice and crush confessions draft Need to remove an article from word press at authors request, but can't find it under his posts or by searching posts 	

		 Haven't gotten to rewriting the content policy yet, sorry. Matthew hopefully showed you my first draft of the survey? Art: Proof has been sent to print, if printer is on time it will be done early next week but I'm a doubter so who knows. I have my team meeting tomorrow. Talk about design for next Mag News: Plodding along. Some good articles coming through and some good ones have been pitched. Got the Alex Matters one out which I'm very proud about. Radio: Having a team meeting next Friday. Have been looking into updating/upgrading Jazler; they've recently released <u>SOHO</u> which is the next gen version of RadioStar (our current program). SOHO seems to be a much kinder program to learn/use so I'm really interested in exploring this avenue (if you cannot tell I'm very excited about this). Shows have been uploaded today and I will be continuing tomorrow. There's currently 125 hours or so of content to sift through. TV: No big updates. Eliz's team has been filming over the holidays and started editing together - I think they're tracking well so far.
